Country Life Conference Here

ATTENDANCE SHOWS GROWING INTEREST

The second annual meeting of the Country Life Conference was held here March 29 and 30.

To this conference were invited the county superintendents of our student area, the school boards of our associated schools, the faculty and students of this college, and any others who are interested in rural education.

The purpose of this conference was to acquaint the visitors with the work in rural teacher training carried on here, and through exchange of ideas to help make this training more effective.

Following was the program for this years Conference:

Thursday, March 29.
1:15 Observation of rural student practice teaching in rural associated schools.

6:30 Banquet at "The Cavern".
8:00 Entertainment. Sponsored by the Country Life Club.

Friday, March 30.
8:30 Chapel Exercises.

Rural Education—Mr. M. L. Jacobson and Miss Flora Trites.

9:00-12:00 Visiting School Management, Children's Literature, and other classes in the college.

1:45 Conference, Room No. 232.
Introductory remarks, Mr. Maxwell.

Discussion
What changes in teacher training is the future demanding?

Mr. M. L. Jacobson, State Department of Education, Director, Rural Education.

Our friend, Macy Campbell—Mr. Charles L. Simmers, Director, Teacher Training.

How can we better a rural child's tomorrow?—Miss Flora Trites, State Department of Education, Institute Instructor.

Round table led by William Mercer—County Supt. of Olmsted County.

WYBIE TRACK CAPTAIN

Harold "Hal" Wybie, former Winona High School star and half back on our football team, is the track captain for 1928. "Hal" is a high hurdler of no mean ability and also is in among the best in heaving the discus out of the lot. Last year he also starred in the high jump and the shot put. He was a high score man on the team last year. "Hal" is thinking of taking up javelin throwing, and if he does, Coach has a track team all in one man. He is an able man to captain the team.

Who will be our Alma Mater this year?

COMING EVENTS

April 12—Concert by Chicago Opera Quartette.
April 14—School Carnival.
April 17—Richard Burton.
April 28—Prom.
April 30—Barrere's Little Symphony Orchestra.
May 4—Dramatic Contest for High Schools.
May 5—Track Meet.
May 11—Mendelssohn Club Recital.

MR. JEDERMAN TALKS IN CHAPEL

Discusses Travel

Mr. Jederman discussed motives, values, and means of travel in his chapel talk on Monday, March nineteenth.

Man has travelled, he still travels, and probably always will travel. Divine discontent, or perhaps a background of primitive days urge people to travel.

There are various kinds of travelers; some who set out expecting to return to the point from which they started, and others who travel for the sake of travelling, indefinitely going from one place to another.

"The eye cannot see, save that which it has within itself the power of seeing", explains the benefits people do, or do not, acquire from travel.

Mr. Jederman believes that the "fliver" on the open road is the way to travel, although perhaps not the ideal way.

THREE SCHOOLS ENTER PLAY CONTEST

A number of high schools have already signified their intention to enter the one-act play contest which is to be sponsored by the Wenonah Players on May 4.

The schools which have already entered the contest are Brownsdale, Red Wing, and Stillwater. Others contemplating entering are Rushford, Stewartville, Waseca, Blue Earth, Austin, Albert Lea, Morristown, and perhaps one or two schools from the range.

Red Wing will present a cutting from "The Lion and the Mouse", and Brownsdale will present "The Rising of the Moon"; Stillwater will give a play which wins the prize in an inter-class dramatic contest which is to be held in their school.

The contest will take place in the Teachers College Auditorium. Miss Ruth Beth Watts is chairman of the arrangements.

MR. OWENS SPEAKS AT PARENTS' MEETING

On Tuesday evening, March thirteenth at eight o'clock, a meeting of the Kindergarten Mothers Club was held in the Kindergarten room at which both fathers and mothers were present.

After a short business session, Mr. Owens gave a talk and demonstration of Methods of Testing Young Children. He was assisted by Miss Lillian Giere.

Mr. Barkow rendered two delightful vocal numbers accompanied by Miss Muriel Meyer.

Miss Watts also entertained the audience with a selected group of children's poems by Milne.

A social time was held and refreshments were served.

Here are the first five men and their records of the Southern Division of the Little Ten Conference:

	FG	FT	TP
Sternberg, Roch., f. . . .	20	14	54
Henry, Winona, g. . . .	20	11	51
Olson, St. Cloud, g. . . .	19	11	49
Helling, Winona, f. . . .	21	5	47
Deanovic, Winona, f. . . .	19	9	47

Who had the best team? We wonder.

President Maxwell was a patient in the St. Luke's Hospital, St. Paul since before the Christmas holidays. We were assured that time and rest would bring him back sound and strong. Reports from time to time were encouraging.

During the past four months, Mr. French has had charge of the Chapel exercises and has acted as President. The fine manner in which he has carried out his duties has been very much appreciated. Other members of the faculty as well have been carrying on some of the duties. The students themselves have been more thoughtful and responsible. On the whole, Mr. Maxwell will find that T. C. has been moving along as he would have it do.

The College indeed rejoices at the return of one who has served so faithfully and wisely for almost a quarter of a century as her leader.

FACULTY WINS V. B. TOURNAMENT

The Faculty Volleyball Team Captained by Mr. Boots and composed of the Messrs Selle, Jederman, Fishbaugher, Galligan, Torgerson and Sandt, easily defeated the team captained by Edwin Nelson for the school championship.

The game was played in the Teachers College gymnasium before a large crowd of interested and enthusiastic spectators. Some of the faculty wives were seen on the sidelines watching the outcome of the game with an anxious eye.

As a result of this game the faculty team wins first place and Nelson's team the second place in the tournament. The team was captained by Earl Skaran easily won from Martin Karow's team for the consolation Championship.

Several young men who are rather jealous of the enviable reputation gained by the faculty in this pastime are formulating plans for challenging the faculty for a game to be played sometime soon. A large gallery of spectators is expected at this event.

A Boys Golf Class has been organized for beginners.

Boys Spring Intra-mural Athletic Program.

Horse Shoe Tournament.
3 weeks, Wednesday April 11-May 2.

Inter Class Track Meet.
Thursday and Friday, May 26 and 27.

Tennis Tournament.
Starting Monday, May 14.

Baseball.
3 Inter-Class games for championship; latter part of May.

ATHLETIC INSTRUCTORS

Our Coach

The work and effort of Mr. Galligan, coach and physical education instructor of the college, has been a big factor in making athletics one of the big things in this institution. Because of his consistent work and genial personality, he has won the approval and admiration of the entire student body. His work speaks for itself—both the football and basketball seasons were successful; and a brilliant record in track is predicted for this Spring. Mr. Galligan once contemplated studying medicine, but we are glad that he made a special study of intramural athletics and games instead and that he was awarded a Master's degree in that field.

Women Leaders

Probably we all have harbored the possibly old fashioned notion that successful athletic coaches and teachers are born not made. Miss McKinley and Miss Talbot have done a great deal for the athletics of this college during the past year. This goes to show us that there has not yet been devised any method of making a real athletic coach or teacher out of a person who has no inherent aptitude for the work. Maybe these two women do possess such inborn talent, and have materially increased and improved it by study and observation of such methods as are being expounded and exploited at schools of coaching and at opportunities in doing such work.

No doubt but that both Miss McKinley and Miss Talbot will tell you that coaching and teaching go hand in hand, and that the embryo coach will soon discover that each future athlete needs different treatment if you are going to teach her anything, and that no two are alike. So there are three cheers for both of these women who have been designed to execute efficiently in their chosen work.

CONCERT PLEASURES

The Chicago Civic Opera Company gave a concert at Winona State Teachers College on Thursday evening, April 12. The artists included Lester Spring, tenor; Margery Maxwell, Soprano; and Lorna Doone Jaxon, contralto. Miss Jaxon, who is a master of technique, and the possessor of an unusually fine voice, was starred in a series of grand operas given in Minneapolis, April 4 to 7. Winona is very fortunate to have secured so talented a group.

The last number on the College concert course will be given Monday, April 30, by the Barrere Little Symphony Orchestra.

NISSEN'S NOMADS TOPPLE FACULTY

Age cracks under the strain of youth! As the old saying goes, "Time will tell", the vim and vigor of the students of the school triumphed over the faculty with a score that provokes laughter whenever and wherever mentioned. The faculty became completely demoralized the minute they entered the gym. It is still a matter of question as to whether the huge following of the students or Mr. Jederman's new pants, which added the finishing touch to rout the faculty. Nevertheless the final score was 45 to 10. Nissen, with his superior coaching, had his men tuned up to the peak of success, while the faculty team was undeniably stale. Reishus, with his invincible water-carrying, gave every service to his team.

Faculty Challenge Is Accepted

DOCUMENTS READ

One morning in Chapel, Mr. Boots had an announcement to make. He made it by reading several official documents, almost too official to be taken as like minded as these were. The following are the documents:

We, the students of the Winona State Teachers College, on this day of March in the year of our Lord nineteen hundred and twenty-eight, do hereby and herewith issue formal challenge to play a game of volleyball with the faculty team of the aforesaid college. This game is to take place within the following week of school, and the student team is to be composed of the choice, pick, and best of the students and is to be coached by Paul Nissen.

Signed:
Coach Paul Nissen.
Witness:
Eugene Pollard,
John Lovelace,
W. A. Swenson.

March 30, 1928.

We, the Faculty Volley Ball Team of the Winona State Teachers College, being desirous of showing our bravery and sportsmanship in spite of dire and sundry quakings of the cardiac and the patellar regions, which is to say the heart and knees, do hereby accept the challenge of the students to a volleyball game to be played the first of school following vacation, subject to the following provisions:

1. Such game shall be a bonafide game and not one of the colorful comic opera assemblies for which Mr. Nissen is so justly famed. Our reason for this stipulation is that we feel that in sartorial and costuming effects we have already reached the last word—what the French style as the "dernier cri" and the high school boy translated as "ern- near cry".

2. No student shall participate in such game for financial reward, further, no student who has ever played the game for pecuniary reimbursement shall be eligible. Being ourselves chronically and constitutionally lacking in funds, we can not contend with carriers of cold cash.

3. No person less than fifteen years of age nor more than fifty shall be a member of the student team; nor shall any person weighing less than fifty pounds or more than two hundred fifty be a member thereof.

We trust that these restrictions will not be too severe.

Signed:
W. E. Boots.
Captain of the Faculty Team.

AFTER THE VERNAL EQUINOX

Spring is with us again, with "green things growing," Spring with showers and flowers and long golden hours, sweeps upon us gracefully; and, as if with a magic wand, disperses King Winter. Brave pussy willows in soft fluffy coats of gray are boldly shouting their message of Spring's return. Bluebirds the harbinger of happiness are back to their old haunts, reassuring us that another winter is past. And we are glad! Glad to leave the loathsome task of books and "watch the green things growing." Glad to be alive to observe the awakening of the beauties of nature. There is no other place where the beauty of Spring is more evident than in the vicinity of Winona. Beauty is in our midst; beauty is surrounding us; beauty is in Spring. Let us go to the hills, the fields and streams. Let us get in closer contact with nature, with the rocks and soil. Let us appreciate the beautiful things that Spring is bringing to us. Let us go back to the soil and "watch the green things growing."

ATHLETICS AND PROGRESS

Japan was a backward nation because she would not adopt the modern customs. With her awakening she recognized the need to train the Japanese youth along lines which would make him a desirable citizen. Some of the great men saw the solution for the problem in athletics. As a result athletics were introduced and to-day baseball has become the national game in Japan. It solved the problem because it taught co-operation, sportsmanship, and honor. That is what athletics is doing for Japan; that is what athletics is doing for the world. Lessons taught this way never touch lightly the masses, but reach the heart of the individual, and are lessons which are never forgotten. Athletics include good wholesome play with plenty of work back of it. Athletics aid in keeping us loyal to our school or our community; and to make us better individuals, better scholars, and better citizens.

So let this be our slogan, "Be athletic."

AN APPEAL

"Athletics for all" has been the slogan of the Directors of Physical Education for the past school year.

Mr. Galligan, Miss McKinley, and Miss Talbot have put forth every effort to have something going on all the time in the line of athletics. During every week there has been some tournament in progress and sometimes two.

Many students are taking advantage of the opportunity afforded by these tournaments, but many are still not participating. Why not show a little interest?

VALUE OF INTRAMURAL ATHLETICS

So far, this school has made a record this year in the number of its students who have evidenced an active interest in athletics, in addition to the regular "teams." It includes both men and women, both students and faculty members. Intramurals have done it!

Early last winter the boys began their intramural basketball games. All of the boys took part. A little later the W.A.A. voted to sponsor a similar series of games for the girls. Other years saw barely enough girls out to make two teams from either class. This year, seven teams were signed up and over seventy-five girls took part in the games. At present, boys' volley ball is claiming the center of attention. After the vacation, there will be a horse-shoe, a girls' volley ball and a tennis tournament.

Just what, some are inclined to ask, is the value in these competitive games that they are being backed so strongly? In the first place, there is the pure fun which the student gets from playing the game. The big value, however, lies in the "carry-over" interest which is developed. Tennis, horse-shoe, volley ball, and golf are essentially "individual" games and are therefore easier to keep up later. Participation in a tournament may initiate enough interest in that game to make him want to keep it up. He may even take it for his hobby. Doctors say that we need some such interest for the sake of the nervous system.

Those who are interested and active in some sport, whether in school or out, are better social beings than they would otherwise be. They are not buried in their one little line of work. We tend to develop our minds while we neglect our bodies. A sound mind must be housed in a strong body if it is to be of the greatest service to its owner, or through its owner to the world. Physical exercise through play will help to provide the strong body, and through varying the interest, tend toward a sound mind. It is predicted by a more or less reliable prophet that man, since he is putting forth such enormous effort to train and develop his mind and has perfected so many devices to save on the physical energy which he is obliged to use, will in time develop into a being with an enormous head and a small, useless body. Intramurals will help to keep that from coming true!

We hope that an even finer interest will develop in the tournaments now in progress and in those to come that many more may receive the benefits they offer.

THE NEW STAFF

The new staff, one and all in unison, greet you. You! the faculty. You! the student body with no exceptions. We more than greet you; we request, nay, invite you most cordially to cooperate with us in making "The Winonan" as interesting and successful as our predecessors have done. Cooperation means success; we need and solicit your cooperation; we cannot hope to achieve success unless we have your cooperation. And that is the bit of news referred to in the beginning of this article. Suggestions and ideas are welcomed by each and every member of the new staff. Please feel free to bring your articles to the activities room any time and do not be afraid of the new staff. They need your cooperation.

SCHOLARSHIP — ATHLETICS

The mind is but an inmate of the body. With our mind we know how to do things, but it is with our body that we do them. Why have a great mental ability if you are not physically able to do what you know how to do? Let our cry be develop the body with the mind. That is what all the schools of today are doing, that is what our school is doing — and through athletics. Athletics are not new, we heard of the Olympic games in the early history of Greece, but they were for boys only. Even in the days of our grandmothers it was the fashion for women to faint and to abide with the fashions they bound their waists. In the last generation and since women are coming on a level basis with men they have the same opportunity for a physical education as do the men. In our own school physical education is compulsory to all students, and splendid opportunities for both boys and girls who are especially interested along this line. Besides the inter-scholastic meets in which only a few can participate, we advocate the intramural, where all have an opportunity. But we do not advocate purely physical education, we advocate scholarship plus athletics. We read of Keats, the boy poet, a wonderful mind, but a weak body and on the other hand there are many with a strong body and a weak mind. Have the two balance; the mind and the body must go hand in hand.

WILL RAISE MONEY

Preparations are now under way for a carnival to be held at the college on Saturday, April 14. This new and special entertainment is to be given by the clubs of the college, and much enthusiasm is raised as they vie with one another for concessions for the sale of hot dogs and candy. This affair should be especially interesting as it enables a large number of students to participate. The purpose of the carnival is to raise the money to furnish the new club-room.

The college social committee is now working on plans for the Prom which is to be held Saturday, April 28.

Herman Allen was elected vice-president of the Minnesota Inter-Sunday School Council at a meeting of that organization which was held at Mankato last week. Mr. Allen has been very active in Sunday School work at the Central Methodist Church.

JUNIOR HIGH SCHOOL CLUB

The Junior High School Club held their regular meeting on Thursday evening, March 22, in the Assembly room of the Phelps Junior High School.

A short business meeting was held at which the members voted to help finance the clubroom project by having a candy-booth at the school carnival which is to be held after vacation.

After the business was settled, Miss Brunner introduced Mr. Selle who gave a very interesting talk on "Life In a Big University." Following the speech, the meeting was adjourned.

Last Tuesday, Miss Sutherland visited Evelyn Kindschey who is teaching the primary room in Dakota.

The Parent Teachers meeting of Dresbach, March 21, were entertained with a moving picture on Yellowstone National Park. Herman Allen was the lecturer, and Morro McHugh the operator.

ELECTED PRESIDENT

Miss Ruth Beth Watts instructor in reading and speech, is now president of the Little Theater group. The officers were moved up by the directors after Dr. S. W. Alder withdrew.

Shepard Hall

Ruth Enger and Mabel Vogard spent the week end with their parents in Lanesboro.

Catherine Rall spent the week end at her home in Galesville, Wisconsin.

Marguerite Vallenweider spent the week end in La Crescent.

Morey Hall

Margaret Peterson and Betty Lou Schmidt spent the week end at their parents' homes in Frontenac.

The girls were lavish in their praise of the Morey house party. Refreshments are of course mentioned first. These consisted of Eskimo Pies. The entertainment consisted of stunts given by the girls of the various corridors. Among these stunts were: "An Ideal Dormitory" — from the student's viewpoint, "A Photographer's Shop", "A One-Act Farce", and a playlet, "And the Light Went Out."

Mrs. W. M. Potter, manager of the dormitories, is reported having a fine trip in Europe. She was recently in Florence, Italy; and she plans to spend Easter in Rome.

West Lodge

Two new girls have moved into room 14. They are Marie Simon and "Jack" Blaha.

Helen Fox has spent the last two week ends at Shepard in room 25. Maybe she'll tell you why.

Verna Jensen spent last week end in St. Cloud.

Everyone is waiting anxiously for vacation. "Zinkie" could not contain the fact that she was going home for Easter but needs must tell the glad tidings. She knows it's spring for she found two green buds which she is preserving carefully in a tall vase!

North Lodge

Alice Arnoldy and Margaret Speltz spent the week end at their homes.

Marion Newell took Margaret Ecklund home with her over the week end. Her home is at Harmony.

When asked if the girls at North have had any parties they said, "No, but that they have 'feeds' or 'spreads' almost every night."

The girls here told the reporter that they think they have the best preceptress of all the dormitories.

Miss Ellingson attended the Child Health Convention, March 28 and 29, at St. Paul. This Convention was sponsored by the Minnesota Board of Health.

WENONAH PLAYERS

The Wenonah Players held their regular meeting on the evening of March 19. After the discussion of several important matters, the property and costume rooms were cleaned.

ALUMNI NEWS

Arthur Farley, a former student, is principal of the Junior High School at Detroit Lakes. We all know that Art is doing his best there.

Bob Fausch, who is now teaching in Albert Lea, visited T. C. on Thursday and Friday of last week. It certainly seems good to have our former students come to visit us.

Mrs. M. F. Kasak of Brownsdale, Minnesota, visited school the first of the week. Mrs. Kasak was formerly Hilda Marie Peterson a member of the class of 1926.

COMING TOURNAMENT

An elimination tournament for tennis will be staged in the immediate future. A tennis team will be picked from among the best contestants. This team is expected to compete against the La Crosse Teachers College.

TEAM WORK

It's all very well to have courage and skill

And it's fine to be counted a star, But the single deed with its touch of thrill

Doesn't tell us the man you are; For there's no lone hand in the game we play,

We must work to a bigger scheme, And the thing that counts in the world today

Is, How do you pull with the team?

They may sound your praise and call you great,

They may single you out for fame, But you must work with your running mate

Or you'll never win the game; For never the work of life is done By the man with a selfish dream, For the battle is lost or the battle is won

By the spirit of the team.

You may think it fine to be praised for skill,

But a greater thing to do Is to set your mind and set your will

On the goal that's just in view; It's helping your fellowman to score When his chances hopeless seem;

It's forgetting self till the game is o'er

And fighting for the team.

EDGAR A. GUEST.

WOMEN'S ATHLETICS

Golf

At a meeting held in room 134, it was found that there were so many golf enthusiasts present that the room hardly was large enough to accommodate them. Questioning disclosed that a small number played the game, some played "at it", and the remainder of the group were very much interested.

Golf sticks, balls, and membership fees at the Country Club were discussed. The meeting dispersed with a parting request from Miss McKinley to bring sticks and balls along at the next meeting.

By the looks of events scheduled "after spring vacation" the question arises, "When will we find time to study while all of these tournaments are taking place?" However, we find that ample provision is always made for study.

We should all feel grateful to the W.A.A., as that organization is sponsoring this activity, and is doing everything in its power to win purple "W's" and gold pins this spring. It is understood that golf will be one of the sports participated in by the largest share of students.

The list of names of girls (posted on the bulletin board) who have won pins and letters, has a good chance of being lengthened during the spring quarter.

Tennis

To hear the strange sounds issuing forth from the Phelps School gymnasium during the sixth hour on Wednesday, and still be able to walk on, undisturbed, is quite unusual. Indeed, the natural thing to do in such a case would be to call an instructor to put down the uproar. But, if such an idea enters your head, abandon it! The noise is due only to forty enthusiastic Teachers College girls who are endeavoring to learn the back stroke and side stroke in tennis, under the instruction of Miss McKinley.

At the first meeting the time was spent in testing the tennis racquets already owned by a number of the girls, and in learning from Miss McKinley some of the precautions to take in buying a new racquet. Because the weather has not permitted any out-of-doors playing, the class has been content in merely bouncing their balls against the sides of the gymnasium. (Does this help to solve the problem of the passerby?) Already plans are being made for a tennis tournament to be held some time after our return from Easter vacation. Everyone is anxious to see just how much benefit was derived from the first three lessons!

Volley Ball

Those who were in Volley Ball classes last fall know just how much fun the game is. Probably that is the reason for the interest shown this spring. At any rate, all gym classes are busy forming teams and preparing for the intramural volleyball tournament which will begin after vacation. Should Freshman and Sophomore teams be chosen to play games, interest will be at its height. Everyone remembers the Freshman-Sophomore basketball games. The volleyball games will be just as exciting, if not more so.

Baseball

The class in baseball met for the third time last Friday, March 30, and for the first time they played out-of-doors. No one can say these girls have Spring fever, feel lazy, or are lying down on the job! At five-thirty they were still "going strong", and had not supper and other engagements called them, they would no doubt be playing yet! It seems, however, that the group is diminishing rather than

MEN'S ATHLETICS

Track

Although we have had no pre-season work-outs as we did last year when we found that Scotty and Art Keely and Cy Amundson were some of the speediest men (when special incentives were used) in school, we find that with the track season around again we have lots of real good material. Ask any of those three fellows about the hurdling expedition over at Morey Hall.

Among the best of the entrants who are donning the spikes and pounding the road are:

Capt. Wybie (Winona), field and high hurdles.

Louis Alberts (Winona), holding state record for javelin.

Kal Wybie (Winona), dashes.

Harry McGrath (Kellogg), dashes.

Vincent Kling (Kellogg), dashes.

E. Skaran (Grand Meadow), Class B javelin winner in 1927, field.

John Borth (Winona), 220 low hurdles.

Walter Muir (Winona), 220 dash.

John Lovelace (Marble), dashes.

Joseph Paskvan (Eveleth), field and distance.

John Hanna (Winona), distance.

John Jackson (Redwood Falls), dashes and distance.

Arthur Helling (Magnolia), half and mile.

Arthur Jackman (Winona), half mile.

Albert Brekke (Lanesboro), mile.

R. Loughlin (Chicago), broad jump.

Tom Knowlton (Kenneth), field.

Tom Franks (Fairfax), dashes.

Edwin Pumala (Gilbert), pole vault.

Pete Deanovic (Buhl), high jumps and hurdles.

Mike Hydukovitch (Buhl), half and mile.

Gus Hedland (Seattle), quarter mile.

Gordon Severud (Winona), distance.

Paul Nissen will manage the team.

It is plainly obvious that with a lineup like this, W.S.T.C. will have a very successful season in track.

The team will probably go to the Hamline Relays, State Meet at Hamline, Southeastern division meet at Macalester, and a dual meet with Rochester here.

There will be an interclass meet about the middle of April. This is mainly to try out the applicants and see what they can do under fire. The first year class will compete with the second year class. This is looked forward to, as it usually proves very interesting.

Golf

After the announcement in chapel concerning golf, there was a rush to the bulletin board to sign up. After it was made plain that it was only for beginners who have had no experience but would like to learn, some withdrew. There are still ten or twelve who would like to learn. The class will meet during the fourth hour and will take place on the athletic field once a week. There will probably be a tournament following the course. This tournament will be in charge of Mr. Galligan.

In Spring a young man's fancy turns to thoughts of — athletics.

growing. Friday, despite the fact that the class met outside, only fifteen girls turned out. This is one class in which more members are needed and this applies especially to Sophomores. In order that two teams be organized, we all know that there must be eighteen, at least. Come on, Sophomores, next Friday make it your duty to be out there on the diamond, ready to work and work hard!

Baseball

Much to the surprise of many, baseball is expected to be initiated this spring for the first time in many years. There will be a big inter-class game sometime in May. There are many prospects in school who have been itching to get their hands on a ball. Among the more noticeable are "Big Bill" Moyer, Harry Meyers, and Tom Knowlton. The other man will have to step to play the brand of ball that these men are used to. We certainly hope that baseball is here to stay, as the national game is not only great to watch but a pleasure to the players.

Horse Shoe

Now that spring is here, all the spring sports are coming. One of the best among these is horse-shoe. Thirty-eight have already signed up for the big tournament we are to have. We strongly suspect (having gotten wind of it through various sources) that there are several dark-horses entered from the faculty. We don't want to mention any names, but if you won't tell anyone, we will spill a few — Mr. French, Mr. Sandt, Mr. Owens, Mr. Jederman, and Mr. Galligan are the favorites. Also take note of Ev. Johnson's mean form. Ev. was champ of Wisconsin one year.

Horse shoe matches must be played off by Wednesday, April 18.

Skaran vs. Rowell
Nelson vs. Ristiben
Paskvan vs. Nissen
Frisby vs. W. Jackson
Evans vs. Bard
Beauchamp vs. Lund
Hedlund vs. Laughlin
Mullen vs. Amundson
Henry vs. Keeley
Jackman vs. Juenaman
Whitcomb vs. Edwardson
Dahm vs. Swenson
Knowlton vs. Borth
Helling vs. Johlfs
Kramer vs. J. Jackson
E. Johnson vs. Lovelace
Landon vs. Rupp

What We Think of Them

La Crosse State Teachers College — The La Crosse State Teachers College is now a member of the North Central Association of Colleges and Universities. This permits full credit in other colleges for work done in this school.

State Teachers College, Oshkosh, Wis. — Although not written all over, pep seems to be the outstanding feature of your paper.

Park Region Luther College — Variety is the spice of life. Your Hilltop Crier is surely spicy.

CANDY

ICE CREAM

There once was a T. C. magazine that ran an Athletic Number. On the day of dead-line the Editor received three piles of copy from three, or maybe thirty-three contributors. Carefully she read them over. On three different pages, she read three different times, the same identical jokes. Poor girl! They found her in the morning.

Pete—"Do you see that big brute playing guard? In a very short time he's going to be our best man."

Pete's Girl—"Oh dear, this is so sudden!"

Out for Track

"Ben Hur is running uptown this week."

"Hasn't that bird finished running yet?"

After a Rough Game

Mrs. Borth—"My boy must be suffering something terrible."

Mrs. Muir—"Broken bone?"

Mrs. Borth—"No, he's had too many cuts in Psychology."

Barbara—"Why doesn't he pick up the ball and run with it?"

Paulie—"Can't, it's dead."

Barbara—"I don't wonder, the way they have been treating it."

Some football each day,
Put brother away.

Two Germans, lately from the "Old Country" were watching a football game.

"Dot's a fine game, dot football," remarked Fritz.

"Him no football", corrected Heinie, "him shoeball."

The school tennis courts have their share of sport enthusiasts these days. "Scotty" Henry and "Dick" Jeunaman officially opened the season on March 22.

Coach—"Can you run with the ball?"

Johnny—"I always get tackled before I find out."

Query—Are You Related to Your Girl Friend and How Do You Know You Ain't?

Who says this is a wide, wide world?

Just supposin' you came to T. C. to school and you made a G. F., and supposin' you told your G. F. this 'n that, 'n all about your kid sister and her bein' newly wed an' all, an' supposin' one day you tosses your G. F. a letter and says, "That's from my kid sister." 'N your G. F. says, "Oh, so's she's in San Pedro now. I have a cousin and aunt living there." 'N supposin' after further suppositions and chit-chat you finds out that your G. F.'s your cousin, or anyway she's your kid sister's cousin, because your kid sister's husband is your G. F.'s own cousin, and your kid sister and her new husband is livin' in the same house in San Pedro with your G. F.'s own cousin; now we asks you, wouldn't you faint and see big worlds shrinkin' into little ones?

(Signed)

Rosemary Thomas.
Ina Gae King.

We are pleased to note that ex-Capt. Cooper has recuperated sufficiently from the football season to begin the "necking" season with good form. The reports are that the snow has disappeared from the benches in Lakeside Park.

We were told that Jack Loudon went rabbit hunting in the Campus Sweet Shoppe and only caught part of a rabbit's tail.

The other day we happened to stroll in to see the coach, and we heard a story about Mr. Sandt that he was too bashful to tell about himself. He was the pioneer of basketball coaches in T. C. One year he thought he would start a basketball team and so he rounded up five men and gave them a football with the ends tied up to make it round and hung up a couple of peach baskets with the ends knocked out. Then he honked a horn and told them to go to it. They did. What they did to that ball was nothing slow. He scheduled a game with Fountain City and hired a couple of horses and buggies and started out. The roads were sort of rough and muddy but they finally, by dint of pushing and pulling, got there and found the band out to welcome them. The mayor gave them the key to the city and told them to make themselves at home in the gym. The rest of the story is kind of skeptical, but we understand that T. C. took a terrible drubbing and came home with heads low. Nevertheless, we should give Mr. Sandt three large sized cheers for the noble start in basketball that he gave us.

AN INTERVIEW WITH SCOTTY HENRY

Q—Where were you born and why?

A—On the range.

Q—What kind of a range?

A—A cooking range.

Q—What's your age?

A—20.

Q—Are you white?

A—When I take a bath.

Q—Are you married?

A—Not so far, but I'm trying hard.

Q—What is your favorite hobby.

A—Basketball.

Q—What would you rather be than Captain one year?

A—Captain two years.

Q—Do you enjoy strolling in the Lake Park?

A—No, I enjoy stalling in the park.

Q—How did you happen to come to T. C.?

A—Don't tell me the answer, let me guess.

Q—What do you think of the prospects for next year?

A—I think there'll be a nice bunch of girls next year.

Q—What do you think is the laziest job in school?

A—I think it's a tie between being B. B. manager and President of the Die-No-Mo Club.

Q—How do you like the Pan-American Congress?

A—I don't know, I swore off eating bars during Lent.

Q—Who is your favorite candidate for President?

A—Barney Google, with Bram as Vice-President.

Q—Are you a gentlemen or do you prefer brunettes?

A—I prefer a brunette.

Q—Are you a musician?

A—Yes, I play the phonograph and footnotes on the shoe-horn. I am also very musical on the bass drum.

Q—Do you believe in evolution?

A—If the shoe fits, wear it.

Q—What is the greatest moral question before the country?

A—To wear or not to wear garters.

Q—Do you wear garters to keep your socks up?

A—No, to keep my legs warm.

Q—What is your idea of Heaven?

A—A basketball game where I

didn't get kicked out on four personal fouls.

Q—Why is a crow?

A—Caws.

Q—Why do they call you Scotty?

A—Cause I wear rubber soled shoes?

Q—What's that got to do with it?

A—So they won't give.

Q—What new rules do you think we need?

A—A law against T. C. girls going car riding.

Q—I thought all men were in favor of girls going riding.

A—I'm not, I haven't got a car.

Q—Why do you like to take girls out canoeing?

A—Because they can't walk home.

Q—What do you expect to be able to do when you graduate?

A—Who said I was going to graduate?

KINDERGARTEN

A regular meeting of the Kindergarten Club was held on March seventh, at four fifteen.

At the close of a business meeting an interesting half-hour was spent examining a group of dolls owned by members of the club, and something of the history of the dolls was told by Miss Sutherland. Miss Reiter played the "Doll Dance" by Howard Brown, and a lullaby was sung by Marian Newell.

A very attractive collection of dolls from different nations owned by the Department was another feature of the meeting.

After a delicious lunch the meeting adjourned.

Mrs. J. R. McConnon, a former student and instructor at Teachers College and a daughter of Mr. Morey for whom Morey Hall is named, has presented the Kindergarten Department with a book of her work done when she was a child in the first Kindergarten held in the college. This book is of much interest from the historical standpoint and will be treasured in that connection.

Miss Sutherland and Miss Schwable very pleasantly entertained the sophomore girls at a party on Saturday evening, March third, at their home. An enjoyable time was spent playing bridge, prizes being awarded Elaine Rose and Janette Almquist.

Delicious refreshments were attractively served by the hostesses.

The college is offering two extension courses. Miss Abbie Langmaid has a class in social guidance of the child, and Mr. W. A. Owens has a class in psychology which he meets each Thursday evening at Red Wing.

Music

An oriole, perched on the top-most point of my tallest evergreen opened his golden throat in such a flood of song that I no longer wondered where Mendelssohn learned his melody of Spring.

Mr. Walter Grimm, head of the music department of the college, has been elected to serve on the summer faculty of the Ohio State University. He will teach public school music (vocal) and harmony.

Mr. Grimm has been re-appointed on the National High School orchestra committee in charge of the 'cello section. The National High School orchestra is composed of high school students from all over the United States and first met in Detroit two years ago. Their meeting this year will be in connection with the national music supervisor's conference the week of April 16. This year the orchestra will be directed by Frederick Stock of the Chicago Symphony Orchestra and Joseph E. Maddy, its organizer.

A fine new organ roll was presented to the college recently by Mr. Paul Watkins. The name of this selection is "The Fairy Glen" by Lemare. The interest of Mr. Watkins in the musical life of the school is much appreciated by all the students.

We have another new organ roll named "Melody." This number was composed by Vice-President Charles G. Dawes and is played by Clarence Eddy, dean of organists in the United States.

The musical program that was presented during the Chapel hour on Friday, March 16, was enjoyed by all who heard it. It consisted of a varied program and selection of instrumental and vocal numbers. As time was limited the program

was finished on the following Friday. The program consisted of: Meditation from Thais. Massenet. Adoration.....Borokowski Seymour Drugan, Violin Greetings from Hungary.....Popp and an encore by the same composer Mr. Kinney, Flute

Swan..... Mightly like a Rose..... Massenet Mr. Grimm, 'Cello Organ number..Suite for Orchestra

Piano Recital

The piano recital that was given Monday morning in chapel, March 26, was much appreciated by the school. This was presented by several of the students who have been studying piano under the instruction of Miss Muriel Meyer. The program consisted of classic, romantic, modern and ultra-modern music.

The following numbers were played:

Moonlight Sonata—Adagio..... Beethoven Leona Anderson Marche Militaire.....Schubert Alice Vail Minute Waltz.....Chopin Prelude C Sharp Minor...Chopin Alpha Sunde In Autumn.....MacDowell Gwendolyn Hall May Night.....Palmgren Alice Haase Lotus Land.....Cyril Scott Margaret Speltz

ALMA MATER

Who will be our Alma Mater this year?

Some day soon, the election for Alma Mater will be held in chapel. After the various clubs have nominated their candidates the whole student body will vote. Start looking around for your candidates!

COLLEGE MEN ATTENTION!

I WISH to announce to the men of the college that the new 1928 Spring and Summer samples of the Fairbanks Tailoring Company have arrived. Those who have already seen them marvel at the fine textures, beautiful patterns, and up-to-the-minute styles. Now I invite you to give them the once over, whether you want a suit or not, for I know that you will enjoy looking at these wonderful suit values. The price is the same as last season \$23.75 for a three piece suit, tailored by experienced Union Tailors, and backed by a money back guarantee.

Now is the time to order that spring suit before the spring rush sets in. Get it now and avoid delay.

Remember a \$5 deposit brings one of these new suits to you. See me in school for arranging appointments.
